Subject: UL Solutions Project Number 4791553959 E544629

Dear Tong Shen,

I have completed your project plan and this letter outlines important project information about the UL Solutions service(s) you requested.

UL Solutions has received enough information to start the product evaluation; however additional items and/or samples may be needed to complete the evaluation. Details regarding the investigation items and/or samples required are included below under the heading of Required Investigation Items and Required Samples. Providing the items and samples requested below will avoid unnecessary delays in your project.

Product service description:

Order Number 15562850 - 15562850#ED-WTDP-(JZPE-C57.12.20-XPMO/7-Overhead transformer-DABC series, single phase, Hv 11-17kV, max capacity 500kVA.)EEE C57.12.20 & CSA C2.2, XPMO/7

Standard(s) referenced for this evaluation:

IEEE C57.12.20, Overhead-Type Distribution Transformers 500 kVA and Smaller; High Voltage, 34 500 V and Below; Low Voltage, 7970/13 800Y V and Below, Issue Date 09/2023

CSA C2.2, Pole-Mounted, Single-Phase Distribution Transformers for Electric Utilities, Edition 1, Revision Date 03/2007

CSA C2.1, Single-Phase and Three-Phase Liquid-Filled Distribution Transformers, Edition 1, Revision Date 02/2007

Product category:

XPMO/7

Required investigation item(s) for evaluation:

<XXXXXX>

Required sample(s) for evaluation:

Samples (Rec'd/Req'd)	Sample Description
--------------------------	--------------------

Please print the sample shipping form(s) attached to the email and use as the shipping label or include it in each package when shipping the required samples to UL Solutions. This is required to associate your samples to this project.

Assumption(s):

- <xxxxxxx>
- All safety critical components, enclosures, and materials are UL Listed/Recognized and suitable for the intended application.
- All safety critical components, enclosures, and materials are UL and c-UL Listed/Recognized and are suitable for the intended application (for UL and c-UL evaluations).
- Quotation does not include fees associated with travel, lodging, meals, shipping, etc.
- Quotation does not include fees associated with Safety Certificates for other countries.
- No alternate components are employed.

Proposed test plan:

<xxxxx>

Timeline assessment:

- Customer requested completion date: <xxxxxx>
- Estimated project completion date: 2025-03-24

Any proposed project plan and timeline included in this communication is based on the received information and on the above assumptions. The test program and other aspects of the project plan will be finalized following a comprehensive construction review of your specific product.

A project handler from our engineering staff will begin the investigation shortly. The project handler will keep you informed of the progress of your project. If you have any questions or need additional information, you can contact me or customer service.

Sincerely,

Sam Wu
Senior Project Engineer
