

JZP Regional Business Partnership Authorization Notice

Dear Partners,

We are pleased to officially announce that **Enercom Engineering Corp.** has been appointed as the authorized partner of **JZP** for business development, marketing, sales, and after-sales support in the following regions:

- United States of America
- Canada
- Mexico
- Middle East

This appointment reflects our strong confidence in **Enercom's** professional capabilities. We believe that through our close collaboration, the **JZP** brand will achieve greater market expansion and customer service improvement across these regions.

Please note that while Enercom is authorized to represent **JZP**, any commercial activity conducted under the name of **JZP** or any **JZP Group** entities—including but not limited to **JZP, JZPE USA, JZPE Dubai**, or other subsidiaries—must be reported to **JZP** headquarters in advance and receive written approval.

This includes any use of:

- JZP-related company names
- Company letterheads or seals
- Logos or branding materials
- Technical and commercial documents issued on behalf of JZP

Enercom shall not carry out business under any of these names without such prior authorization. This policy is to ensure brand consistency, compliance, and alignment of strategic goals.

For any confirmation or questions regarding authorized activities, please contact:

Contact Person: Sam Shen

Title: President/Owner
